What you'll need:

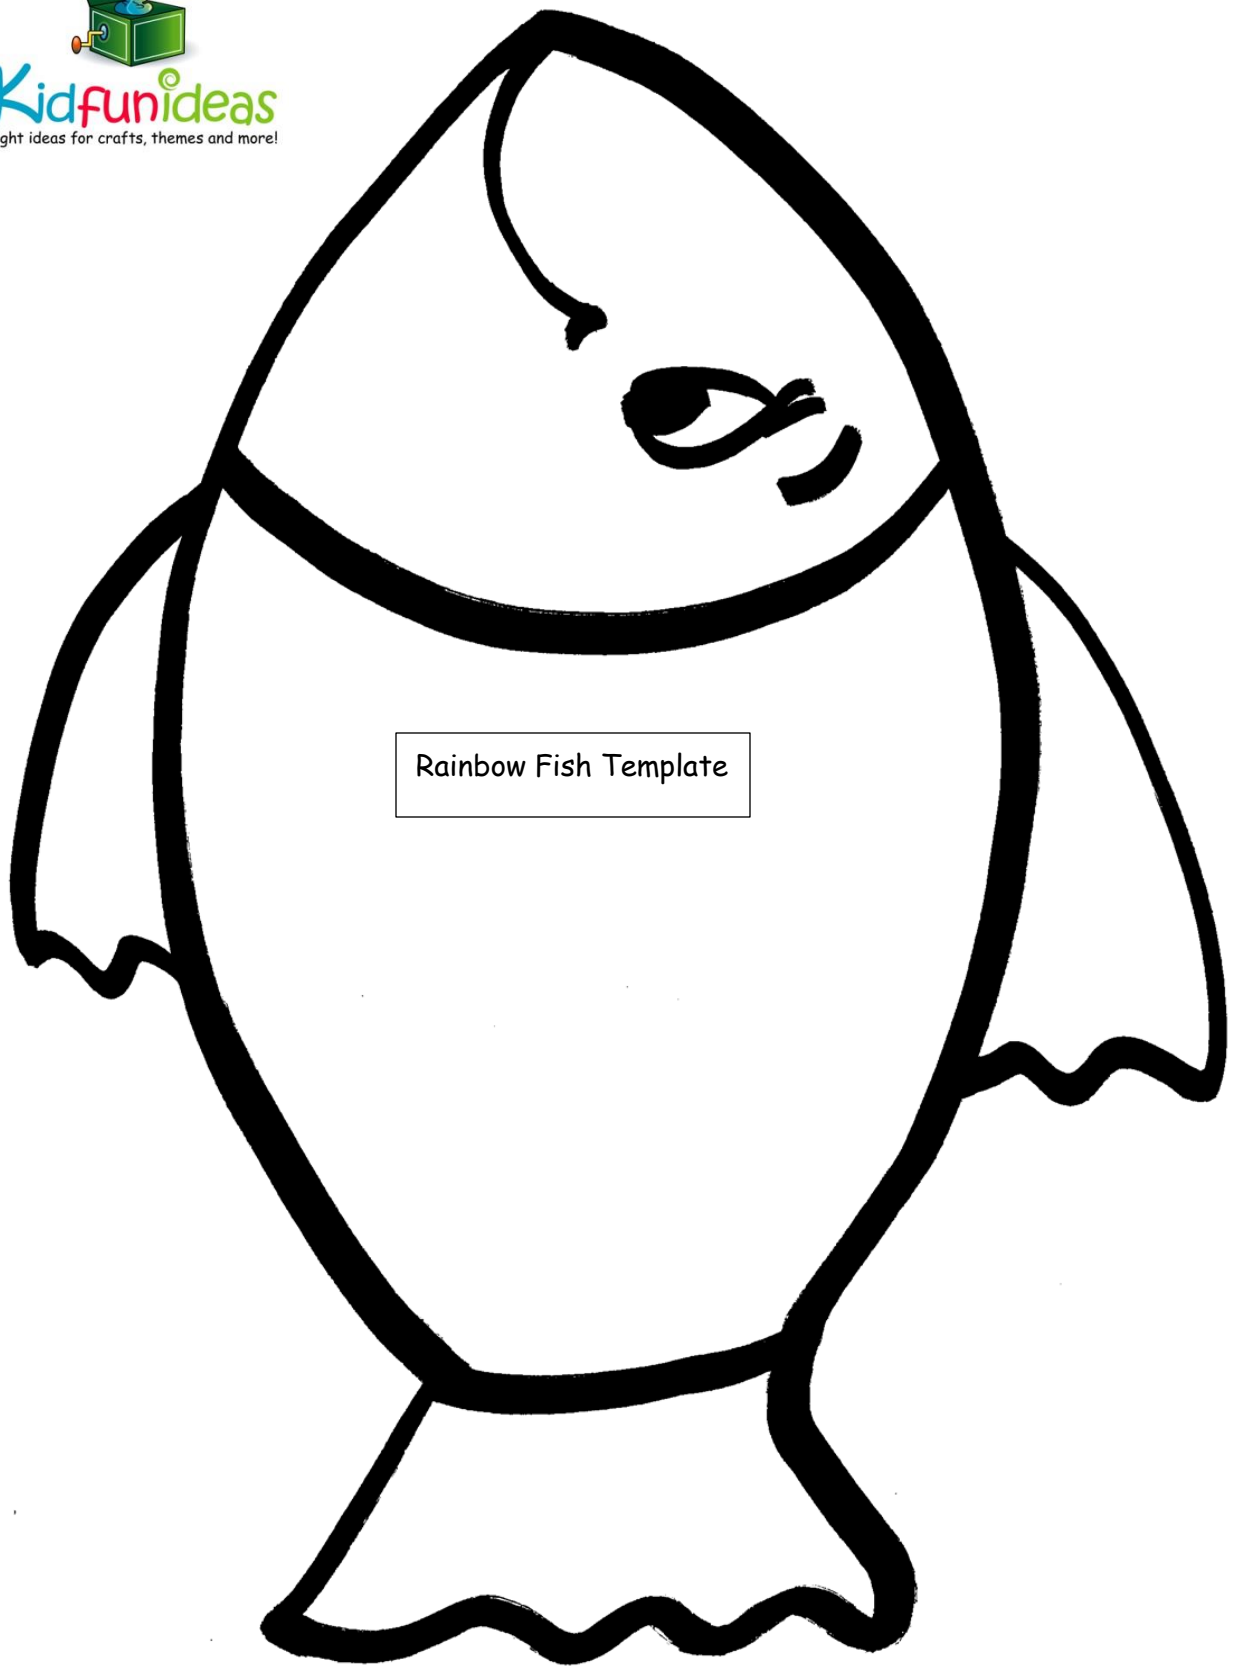

- Construction Paper or cardstock: Any color
- Crayons or colored pencils
- White Glue
- Glue stick
- Scissors
- Large Multicolor Sequins
- Rainbow Fish Pattern

How to make it:

1. Print out the Rainbow Fish Pattern and cut it out. With glue stick, mount the fish on cardstock or construction paper. You can cut out your fish leaving a margin of the card stock showing or, just leave it on the paper.
2. Using crayons or colored pencils color in the face, fins, and tail.
3. Starting at the tail end of your fish, glue on the sequins in a row with the white glue.
4. Add additional rows of sequins in a row overlapping just a bit to create the scales.
5. Once you have added all your rows, set your fish aside to dry fully.

That's it, now you have one of the prettiest fish in the sea, Rainbow Fish!
