

# Mean Old Witch Mini Book

*One of our favorite Halloween rhymes is put together in this fun little witch's hat book. We have two versions – black and white and full color version. Both can be personalized by inserting your child's photo, or draw your own face. Either way, they turn out super cute and quick to make. ## What you'll need:

- Construction paper: black
- Stapler
- Glue Stick
- Scissors
- Mean Old Witch Book Pattern printout
- Crayons, markers, or colored pencils
- Optional: Child's photo

## How to make it:

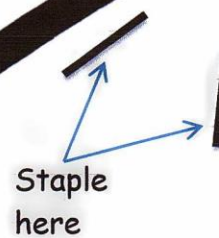

1. Print out the Mean Old Witch Book template pattern and trace it onto 2 sheets of black construction paper to be the covers for your book.
2. Next print out and trim apart the other pages of the book. We have a black and white version that can be colored or a color version.
3. Once you have your pages cut apart, put them in order.
4. If you are using a child's photo to customize, print 2, and trim away all but the face on the photos. Use Glue stick to attach the face shape onto the witch's body on the second and last page. If you don't have any photos, just draw in the face on the witch with color pencils or pens.
5. Cut out and glue the title label onto one of the cover sheets. Sandwich your book pages

together with the covers and staple at the top of the hat with two staples.

6. For a finishing touch, use white crayon or silver marker on the cover to draw in the brim of the hat – that's it!

My nose is pointy.

And my shoes are too.

And if you're not careful,  
I'll scare you!
